PRESENTED BY

GREEN ROOF DESIGN INSTALLATION

Thursday, December 7th, 2017
8:30am-5:00pm

Green Roof Design & Installation is a full-day course that provides detailed information on green roof benefits and technical standards, as well as design, installation, and maintenance best practice. Trainees of all levels will learn the tools necessary to meet green roof project objectives on schedule, to specification, and within budget.

This course presents a great opportunity to connect with other industry professionals, and learn from expert instructor Mary Anne Uhlmann, Environmental Horticulturalist & Consultant at Urban Horticulture Consulting.

Course Tuition & Manual: \$439

Location: GreenbergFarrow
1430 West Peachtree Street, NW
Suite 200, Atlanta, GA | 30309
