

BIM 3: Contract Negotiation & Risk Allocation

Course approved for AIA and USGBC Credits

Friday, March 4, 2016

8:00 am – 5:00 pm

Savannah Golf Club, 1661 E President St., Savannah, GA 31404

Building Information Modeling (BIM) is changing the way projects are constructed. Whether you are a prime contractor using BIM across an entire project or a subcontractor impacted by a specific BIM implementation, this practice requires specific mindsets and technological know-how in order to achieve significant improvements in efficiency and cost control.

BIM
EDUCATION
PROGRAM

In concert with AGC of America, AGC Georgia is pleased to offer the nationally-recognized *BIM Education Program* curriculum to our members. The upcoming BIM 3 course is the third in four-part series offered over the next several months and is designed specifically for construction professionals to examine BIM and contract terminology to determine best practices for integrating BIM into project contracts.

After completion of all BIM courses (shown to the right) and achieving a passing score on the credentialing exam, a candidate earns their CM-BIM credentials.

BIM 3 Course Topics

- Introduction to BIM Contract Negotiation
- Contract Liabilities and Standard of Care
- BIM Execution Plan Contract Terms
- Model Intellectual Property Rights
- Insurance and Surety Bonding Issues
- Risk Allocation and Management

BIM 3 Course Learning Objectives:

- Negotiate BIM addendums terms for BIM Execution Plan development
- Use BIM contract negotiation to establish proactive collaborative BIM
- Devise fair risk allocation and management responsibility provision on BIM projects

Mark your calendar and sign up today for the remaining BIM Course planned in this four-part series. Along with the credentialing exam, the course will be hosted by AGC Georgia and held in the Chapter's Training Center.

Unit 4: BIM Process, Adoption, and Integration

May 23, 2016

CM-BIM Credentialing Exam

The Certification of Management–Building Information Modeling (CM-BIM) program is the construction industry's first and only certificate program teaching the practical application of the BIM process for commercial construction firms.

Individuals holding credentials from these organizations earn credits for attending AGC Georgia's BIM 3 course.

The Associated General Contractors of America (AGC) is a Registered Provider with The American Institute of Architects Continuing Education Systems. Credit earned on completion of this program will be reported to CES Records for AIA members. Certificates of completion for non-AIA members are available on request.

The U.S. Green Building Council (USGBC) developed Leadership in Energy and Environmental Design (LEED®) Green Building Rating Systems for different applications, such as New Construction and Major Renovations, Commercial Interiors, Core and Shell, and Homes. The USGBC Education Provider Program has approved the technical and instructional quality of this course.
