

Construction Estimating 101

October 12 – December 14, 2015

10 Mondays from 3:00 – 6:00 p.m.

AGC Training Center, 1940 The Exchange, Atlanta

Construction estimating 101 is a basic estimating course developed for estimators with limited experience. If you are beginning your career as a construction estimating professional, this is a “don’t miss” opportunity for education and networking with many Atlanta area estimating professionals. If you are an employer, here is a great opportunity for improving the knowledge and skill level of your estimating staff.

Learn how to...

- Prepare conceptual and budget estimates
- Review bid documents
- Develop a bid scope of work
- Evaluate project complexity to determine labor pricing
- Complete a quantity takeoff
- Determine components that make up unit costs; and, Review bid documents
- How to evaluate sub-quotes and put it all together on Bid Day
