

"...because [AGC's] private exchange will offer a broader range of options than typically available to individual firms, employers and their employees will get more of the benefits that meet their particular needs. The new exchange will make it easier for firms to comply with the Affordable Care Act requirement. And, unlike many public exchanges, the new private exchange will also provide employees with the guidance and support they need to make good decisions."

Stephen Sandherr, CEO, AGC of America

Build Better Benefits. No Assembly Required. The AGC Alternative

An Employee Benefits Program | Built Exclusively for AGC Members.

The AGC Alternative is a private insurance exchange that operates like an online store (think Amazon.com), making it easy for your employees to shop for health insurance and other benefits all on their own or through the help of our dedicated employee hotline. It is interactive, easily reproduced and available exclusively to AGC member companies interested in having their own insurance exchange – not only to offer a broad range of health and other insurance benefits to their employees but also to administer the benefits they select.

AGC Georgia is proud to now have personalized service from local representatives available to meet members in their office to answer questions and educate employees on the benefits of the Alternative. Perhaps when it was first released, your firm looked at the Alternative and maybe even submitted information for a quote. However, in the past two years, a lot of effort and resources have gone into personalizing this benefit for AGC Georgia members including the addition of select carriers such as Blue Cross Blue Shield and Humana. Learn how this program can modernize your firm's insurance benefits.

Now offering local Georgia customer service through
AGC Georgia member firm, Bensource Employee Benefits

Brought to you locally by:

*Discounts will vary by state and number of employees enrolled. AGC and its representatives are not licensed insurance producers and are not attempting to sell, solicit or negotiate any insurance product or plan. The contents of this communication are for general informational purposes only. Willis Towers Watson of Maryland, Inc., a licensed insurance producer, is the broker of record for all insurance products offered on AGC's private insurance exchange, known as the AGC Alternative. To get information about coverage terms or benefits of insurance products or to obtain a quote, please contact Willis Towers Watson at 1-800-210-5290 or go to www.agc.org/exchange.

The AGC Alternative

An Employee Benefits Program Built Exclusively for the benefit of you and your employees.

Save Money

Not only do competitive employee benefit programs help you reduce costly employee turnover, but AGC member firms can save even more through premium discounts* exclusively through The AGC Alternative.

Take Control

Take the guesswork out of your budget process by setting a fixed dollar amount to contribute to each employee's benefits regardless of plan selections.

Simplify

Because your plans are hosted on your own technology platform and backed by dedicated customer support, you can empower employees to shop for benefits all on their own.

Choice and Flexibility

The AGC Alternative offers each employer up to 6 medical plans, 3 dental plans, 2 vision plans, disability, life and legal services, providing your employees with the flexibility to choose a comprehensive benefits portfolio tailored to their individual lifestyle.
