Georgia Branch, Associated General Contractors
1940 The Exchange
Suite 100
Atlanta, GA 30339

Dear Cherri,

It is with great pleasure that I write to commend you and the Georgia Branch, AGC on your upcoming milestone of 500,000 participants trained from the AGC Site Safety Van. Since the receipt of an OSHA grant in 1984, Georgia Branch, AGC has expanded the program to include two vans, four professionals to deliver the training, and a library of almost 100 safety related videos in English and Spanish. In the 25 years of the program, more than 29,000 jobsites have been visited.

While we at OSHA are proud to have had a role in the program's beginnings, we are more proud of Georgia Branch, AGC's contributions to worker safety and health. By offering this training, at no cost to members, you have made Georgia worksites safer and healthier and helped employees return home, safe and whole, to their families and loved ones at the end of each day.

Congratulations on attaining this achievement and I hope that we can celebrate the 1,000,000th participant in the coming years.

Sincerely,

A handwritten signature in black ink, appearing to read "Cindy A. Coe".
