Executives, safety directors and project managers who work with the safety honorees are encouraged to attend! **Safety starts at the top**, and what better way to show your field supervisors you are proud of them and appreciate their dedication to a safe jobsite than by being present when they receive an award!

This Award Ceremony is designed to honor AGC Georgia contractor members' *Best of the Best* field leaders who were nominated for the Amerson Supervisor Safety Award. We'll also announce the honoree(s) for the Safety Leadership Award during this luncheon. Everyone is invited to visit with our exhibitors before lunch and after our program.

We are also excited to offer the stage to Mike Luster, a 20-year mental health clinician, Certified Wellness Specialist with a focus in the construction industry. He will help participants learn how to understand, recognize and respond to the most common mental health challenges such as depression, anxiety, trauma, and substance use disorders. Join in this thought-provoking discussion to discover ways to help not only yourself be at your best but be a resource and support to others at home, in the office, and on the jobsite.

Award recipients are invited for a turn in the range BEFORE the award program. This is meant to be a fun reward and token of appreciation for the great job these professionals do to lead a culture of safety!

Amerson Awards are given to supervisors representing general and specialty contractor firms who managed their 2023 jobsites with no lost-time incidents.

The Safety Leadership Award honorees are field supervisors. The top winner and potentially additional honorees are determined by a panel of judges who review narratives submitted on behalf of a nominee explaining their commitment to their jobsite team. The recipient(s) will be announced on March 1.

Mental Health Essentials

Studies have shown that the construction industry has the highest rate of suicide and death from drug overdose across all other occupations (CDC, 2018). Learn how to understand, recognize, and respond to the most common mental health challenges such as depression, anxiety, trauma, and substance use disorders.

What we will cover:

- Focus on prevention around topics such as anxiety, depression, and substance abuse.
- Proven coping strategies that can be used for your own mental wellness and passed on to associates.
- Provide easy to learn tools to equip participants to understand, recognize, and respond to mental health challenges (with yourself and others)

Member companies are encouraged to get involved by sponsoring this event to show your firm's commitment to safety! Confirm your selection on next page in the registration section
