

## ASSOCIATED GENERAL CONTRACTORS OF GEORGIA

*Calls for nominations from general and specialty contractors for the*

# **2018 Safety Leadership Award**

Entry deadline: Friday, February 9, 2018 at 11:00 a.m.

\*Limit one nomination per company

Field supervisors with excellent safety leadership skills are a significant reason why so many construction firms are injury free. To bring greater awareness to the vital role field supervisors play in the commercial construction industry, and honor the best of the best, AGC Georgia is proud to accept nominations for the **2018 SAFETY LEADERSHIP AWARD**.

This award is presented annually to **one field supervisor**, employed by an AGC Georgia general contractor or specialty contractor firm, who managed a project site or sites in the most recently completed calendar year with no loss-time accidents or recordables, and continues to demonstrate commitment to:

- Providing a Safe Work Environment
- Building a Safety Culture
- Uncompromising Leadership
- Caring for and Respecting Fellow Workers

To be eligible for the **2018 SAFETY LEADERSHIP AWARD**, a supervisor's employer must...

- 1) be an AGC Georgia member in good standing at time of nomination, and
- 2) have had no willful violations or occupational-related fatalities during calendar year 2017.

*Should a willful violation or fatality occur after submitting the application, AGC Georgia must be notified. The firm's nominee will be withdrawn from consideration.*

The **2018 SAFETY LEADERSHIP AWARD** is presented in conjunction with AGC Georgia's long-standing Ron Amerson Safety Award Certificate Program. This program recognizes hundreds of superintendents and foremen who work for association member firms and have no-loss time accidents in the previous calendar year. The winner of the **2018 SAFETY LEADERSHIP AWARD** (and honorees in the Amerson certificate program) will be recognized at a Safety Award Luncheon in metro Atlanta on Friday, March 2.

***Nominations to the Ron Amerson Safety Award Certificate Program are handled through a separate entry process. More information can be found at [www.agcga.org/safety](http://www.agcga.org/safety).***
