

TRAINING. COMPLIANCE. YOUR FUTURE.

CERTIFIED SAFETY PROFESSIONAL (CSP) EXAMINATION PREPARATION WORKSHOP

The CSP Exam is the second-level examination required in the two-test process. This five and one-half hour computer delivered examination consists of 200 questions that examine the candidate's applied knowledge and the application of experience gained through professional practice.

ClickSafety, a leader in online safety training for construction and general industries, has delivered award-winning online safety training to more than 10,000 organizations worldwide. It was the first to offer the OSHA 10-Hour and OSHA 30-Hour safety courses online. ClickSafety's course library has more than 300 courses to help organizations promote and foster a strong safety culture. Founded in 1999, ClickSafety is a subsidiary of Ascend Learning, Inc., a leading provider of technology-based educational curriculum and assessment solutions for healthcare and other vocational fields. For more information visit www.clicksafety.com.

This course is designed to prepare individuals for the Comprehensive Examination leading to certification as a CSP. The workshop covers all nine domains of the exam blueprint including: advanced science & math, management systems, risk management, application of key safety concepts, emergency preparedness, occupational health, environmental, safety training/education, and law/ethics. Your preparation will include lectures, sample problems, and discussions on a variety of subjects to prepare the student for the exam.

At the completion of the CSP prep workshop participants will learn:

- Concepts of probability, statistics and calculus
- Engineering: safety and environmental, occupational health, fire protection
- Applied management: principles, ergonomics analysis, risk management, Workers' Compensation
- Legal/regulatory and professional affairs

The SPAN™ workshop materials include: a combined-volume workbook, notepad, pencil, pen, highlighter and a one-year membership to the exam prep online learning management system. (Workbook and LMS membership are a \$400 value!)

* If you take an examination applicable to the SPAN™ workshop you attended and do not pass, you can retake the workshop for free within one year of your original workshop date. This is subject only to our public workshops and is dependent upon capacity for additional students.
