Risk Management and Problem Solving

November 30 and December 1, 2023
8:00 am – 4:30 pm each day
AGC Georgia Training Center, 1940 The Exchange, Atlanta 30339
Instructor: Brian Wood – CompTrust AGC

The Associated General Contractors of America's Supervisory Training Program (STP) is a construction-specific training curriculum developed, updated and field-tested by and for contractors. Supervisory skill – or the lack of it – directly affects every company's bottom line. You make your money in the field, and STP can help you improve your organization's bottom line.

STP focuses on the knowledge and skills every supervisor must have to be an effective manager of people, time, equipment and materials.

The **Risk Management and Problem Solving session** will cover the roles and responsibilities of a construction supervisor in accident prevention and loss control.

- Safety leadership, communication and expectations
- Planning for site safety
- Site safety management
- Site security and protection

- Multi-employer jobsite safety
- Construction risk management
- Safety and human resources
- Regulatory procedures, recordkeeping and documents

Who should attend? Field superintendents, foremen, assistant project managers, and project managers

About the Instructor – Specializing in the construction industry, Brian has over 35 years of construction industry experience as a general contractor, building inspector, with over 23 years as a safety consultant. He works for CompTrustAGC Mutual Captive Insurance Co. as a Senior Safety Consultant.
