

# OSHA 30-Hour for Construction

*Geared toward supervisors and all workers with specific safety responsibilities*

## About the Course

Many owners and prime contractors now require completion of the OSHA 30-Hour Construction Safety Outreach course prior to working on certain projects.

During this Course, participants will learn how to recognize construction hazards and implement corrective measures. Content covers the full spectrum of construction safety from Subpart A through Subpart Z.

While content is geared toward management, supervisors and others who work with a broad variety of construction standards, anyone in the industry is invited to participate.

Upon successful course completion, attendees will receive an OSHA 30-Hour Construction Outreach Course completion card.
