

OSHA 30-Hour for Construction

Geared toward supervisors and team members who have safety-specific responsibilities

About the Course

Many owners and prime contractors require completion of this course prior to working on certain projects.

Through live instruction by seasoned construction professionals, participants will learn how to recognize construction hazards and implement corrective measures. Course content covers the full spectrum of construction safety from Subpart A through Subpart Z.

While this course is geared toward management, supervisors and others who work with a broad variety of construction standards, anyone in the construction industry will benefit from this curriculum.

Upon successful course completion, attendees receive an OSHA 30-Hour Construction Outreach Course card. The card is issued by the Georgia Tech Outreach Training Institute and is typically available 3-4 weeks after the course concludes.

When

Thursdays & Fridays – January 22-23 & 29-30, 2026
7:00 am – 4:00 pm each day

Where

Virtual via Zoom
