# DETERMINING AGC GEORGIA DUES INVESTMENT

---

Your firm's annual dues investment is based on its Gross Construction Revenue (GCR). This sum represents the total figure of all the projects from a firm's most recently completed fiscal year.

**1. What is the definition of covered work for the purpose of determining my GCR?**

Your GCR includes all private and public construction work, whether negotiated or competitively bid, including work done by wholly-owned subsidiaries that are not general contractor members and the percentage of your participation in joint ventures. \*\*\*If not specifically excluded, all work must be included in your GCR figure.

**2. How do I report my firm's GCR to AGC Georgia?**

Review the Dues & Fees Schedule on the next page and determine which category appropriately represents your firm's GCR. Each August, we will ask you to report figures from your most recently completed fiscal year.

**3. What is the verification method of reporting my firm's GCR to AGC Georgia?**

Audited reports or CPA-generated reports are encouraged but not required. AGC Georgia asks for your GCR form to be signed by President, Chief Executive Officer, Chief Operating Officer, Chief Financial Officer or CPA.  
***This process is based on the honor system and follows AGC's founding motto of Skill, Integrity and Responsibility***

**4. Are my firm's dues a business expense?**

Dues payments and other fees are deductible as ordinary and necessary business expense under IRS Code Section 162. Dues, excluding monies paid to AGC of Georgia Foundation, Inc., are not deductible as charitable contributions.

**5. Is non-payment a form of terminating my firm's membership in AGC Georgia?**

AGC Georgia does not automatically terminate memberships for non-payment. It is the member's responsibility to inform Machell Harper, Director of Member Services at 678.298.4108 or harper@agcga.org if you do not intend to renew. Failure to contact Machell Harper about termination will result in automatic renewal.

Provide your firm's GCR for its **most recently completed** fiscal year. \$ \_\_\_\_\_

Ending date for your most recently completed fiscal year: \_\_\_\_ / \_\_\_\_ / \_\_\_\_  
Month Day Year

**Please complete the remainder of this page to estimate your firm's first three years of AGC Georgia dues.**

Each August, your firm is responsible for submitting a new GCR report with the most recent fiscal year's total. Rarely does a firm's GCR remain the exact same over a number of years, thus the below calculation is an estimate of your second and third year dues investments.

**Introductory Membership Dues Structure**

1. Your firm's GCR from previous fiscal year? \$ \_\_\_\_\_ (same total as reported above)
2. Normal dues for your provided GCR total according to above chart \$ \_\_\_\_\_
3. First 12-months\* of membership for most contractors regardless of GCR = **\$1,435**
4. In the second year, a firm's dues investment is half of the firm's GCR of their most recently completed fiscal year (see chart). This investment is then pro-rated (based on first anniversary of join date through December 31st).  
Ex. 2nd year GCR = \$10M. 1/2 of 2nd year GCR = \$5M. Dues for this new level=\$6,016. Joined in August of previous year.  
 Dues for second year = \$6,016 divided over 12 months = \$501.33 per month. Pay for 5 months [August-December] thus dues are \$2,506.65.
5. Third year's dues investment is the value associated with the most recently completed fiscal year's audited total: \$ \_\_\_\_\_ *Beginning in this year, dues can be paid in full on January 31 or in four quarterly installments via check or credit card.*

**See next page for payment details.**
