678-298-4100

No death by PowerPoint or a talking head at this event . . . Our program will be an **open discussion** between contracting firm panelists and all participants. Anyone on your team charged with implementation of construction technology will find this event beneficial. **AGC Georgia Technology Day powered by HP** will blend the perspective of both general and specialty contractors throughout the 30-minute sessions shown below. These topics are our roadmap, however, we welcome “detours and scenic roads” encountered during our open discussion.

- BIM Execution Plans
- BIM Coordination Meeting Discussion
- HP Innovations for Construction
- Discussion on Technology at the Jobsite
- As-Built to VR: Uses for Laser Scanning and Virtual Reality

Thank you to representatives of the following firms for volunteering to serve as panelists: *R. W. Allen, LLC; Batson-Cook Co.; Eckardt Electric Co.; Holder Construction Company; McCarthy Building Companies, Inc.; New South Construction Co, Inc.; R. K. Redding Construction, Inc.; and Tebarco Mechanical Corporation.*
