▲ On March 4, **American Builders 2017**, the joint-venture contractor constructing the Atlanta Braves' \$670-million SunTrust Park project, entered into an agreement with the Occupational Safety and Health Administration (OSHA), **Georgia Tech Research Institute** and **Associated General Contractors (AGC) of Georgia**. The partnership aims to enhance jobsite safety and educate workers about health and safety practices. In conjunction with the signing ceremony, the contractor's safety director, Lisa Capicik, stated, "Partnering with OSHA provides the project with additional expertise and supervision, ensuring that our team takes every measure possible to create a safe site." American Builders 2017 is a joint venture of **Brasfield & Gorrie, Mortenson Construction, Barton Malow Co.** and **New South Construction Co.** The contractor expects to complete construction by Opening Day 2017.

◀ In early March, the city of **St. Petersburg, Fla.**, announced the results of its online survey seeking input from residents about their favorite proposed design for the new St. Pete Pier. Of the seven proposals, citizens favored the Destination St. Pete Pier concept (above), presented by the **St. Pete Design Group**. The city's pier selection committee will make its recommendation to the mayor and city council on March 20. Check [southeast.construction.com](http://southeast.construction.com) for updates.
